

ENGLISH THEATRE

In April, all the levels at school went to watch a play in English. The little ones up to 2nd grade watched Bo and the Beasty Bunch and from 3rd to 6th grades watched Monster Madness. They all enjoyed their time at the theatre and they are very happy to realize that they are improving their English level.

MONSTER MADNESS

The students from 2nd and 3rd cycle went to Madrid to see the play "Monster Madness" during this 2nd term. When we arrived to Madrid we went to the Retiro Park to have our breakfast and then we were walking to the IES Beatriz Galindo, which was very close, to see the play "Monster Madness". The play was about the experiment of Dr. Frankenstein, who was a crazy woman in this play. We were a little scared at the beginning but quickly we realized it would be very fun. Some of our school mates performed important roles: Janet and Brad – the main characters: a newly married couple, zombies, etc and they did it very well. We had a wonderful morning and we realized how well we manage in English.

LITTLE RED RIDING HOOD (INFANT EDUCATION) (PUPPET SHOW)

In Infant Education, Patricia and Marisa Felipe made a puppet show about Little red Riding Hood, a nice girl who visits her grandma because she is ill, but along the way she finds a bad wolf who tries to eat her and to eat her grandma too, but finally a woodman working in the forest helps Little Red Riding Hood and her grandma and everyone lives happily ever after. Here you can see some photos of the puppet show:

ENGLISH PARTY

In the first cycle, on Thursday in the cultural week, we had an English Party, our teachers prepared some cards with vocabulary and sentences worked this school year. We had four events: rolling dice and make sentences, guess through mimic, answer questions and draw vocabulary on the blackboard. We were two teams in each class and we had sweets as prizes. We practiced English and we enjoyed too much. Here you have some funny moments:

During the Cultural Week the students of 2nd cycle did a water Gymkhana. One of their parts consisted of an English Trivial in which the students tried to guess different questions related to Science, Maths, and English etc... If the students made a mistake they receive a glass of water.
