

## THE USE OF ENGLISH

The first course of Primary Education has a system of points to use the English in classroom basically and in other areas. This consists of speaking in English all children can, so the child who has used English a lot, he will get more points, and at the end of the week that child will get a prize. These prizes could be: be the helper of the week, choose the games all the week and so on.

## THE BATHROOM

In the 1º grade of Primary we have studied the bathroom and the objects of hygiene within the English subject. In order to work with the vocabulary we have created in each class a small bathroom. In groups, children coloured the objects and made the labels to remember the words. Then all together built up our bathroom and, in each lesson, we played taking the objects out and organizing them again.

## CARNIVAL: "Pirate of the Caribbean"

As every year, our school has celebrated Carnival. We dressed up about different films that remind us the periods of the life. Specifically, children from 2nd level of Primary turned into "Pirate of the Caribbean". They did a performance where they sailed by boats and they fought for the treasure. They enjoyed it very much.

## PAUL KLEE FOR KIDS

Children of Primary of 3<sup>rd</sup> level are approaching to the different painters and artists: Henri Matisse, Piet Mondrian...,etc. At this moment, Klee's works are our inspiration source.

Paul klee was born in Switzerland in 1879. As he loved the drawings of kids, he tried to mix that energy and simplicity into his own work. For this reason, we have chosen this artist.

## FAIR PLAY

A funny sports day in favor of fair play was celebrated on Wednesday 16th March at the Recas sport centre. We made big banners to promote it, and this is an example.

We made another banner with some aspects of fair play, like share our successes, respect for oponents, have a healthy diet or follow the rules. We were in the stands cheering the whole time and shouting "Come on!" or "Go, go!".

## PETER PAN

Last March, 3 years old pupils went to Madrid in order to watch Peter Pan play. When they arrived they had breakfast near the theatre. They had also time to play in a while.

They spent a funny time because, in spite of knowing the plot of the story, they could see their favorite characters in live. Apart from this, every of them were dressing colorful clothes and they sang the songs that pupils learned at class.
